[Jim Fitzpatrick Of ProntoWash Has Been Named "Eco-friendly" Hand Car Wash And Detailing Forum Moderator At **Www.mobilworks.com**](#)

Website forumgoers weigh in: How can eco friendly detailing grow your business?

Orange County, CA (1888PressRelease) [April 25, 2008](#) - An eco-friendly forum has been created exclusively for discussions about trends in the industry for eco-friendly detailing.

Jim Fitzpatrick, a Master Franchisee for ProntoWash USA, focuses on developing a franchised based green hand car wash & detailing system in Southern California.

Jim is considered an industry thought leader and has championed several initiatives with State, County and City officials to encourage a more eco friendly approach to historical industry issues to conserve water and eliminate run off.

The discussions on the forum [www.mobileworks.com](#) will cover numerous subjects as it relates to local regulations governing water discharge and water conservation, education, benefits of going green, product discussions and drought information or restrictions.

ProntoWash is a Franchise based global leader in eco hand car wash and detailing, operating in 23 countries, and provides 300,000 services each month. By only using 1 Pint of water to clean a car, ProntoWash targets locations of convenience like Shopping Malls, Office Buildings, Airports, Country Clubs.
